PREPARED BY THE WELL-KNOWN ARCHITECTS, PALLISER, PALLISER & CO

Palliser's New Cottage Homes

DEDICATED

To those, who happy homes have always known,
To those, who plan and work such homes to own;
To all, who building homes would bless mankind,
To all who in their homes a refuge find.

To youth, whom wedded life will soon employ,
To children dear, each day their parents joy;
To all who favor honor, truth and love,
To all whose virtues promise homes above.

PALLISER'S NEW COTTAGE HOMES,

WITH DETAIL DRAWINGS.

The best The largest and the most practical and complete work ever issued on plans of Medium and Low Cost Houses.

CONTAINING

One Hundred and Sixty New and Original Designs for Cottages and Villas,

Including every description of modern dwellings for the *Seaside, the South, Winter and Summer Resorts, &c., Double Houses, Country Houses, Farm Houses, City Suburban, Town and City Residences and Apartment Houses*, of every kind and variety, in every conceivable combination of stone, brick, timber, plaster and frame, costing from $75 to $7,500, giving all the comforts and conveniences, and suited to every taste, location, want, &c.

☞ The cuts embellishing this little work are Miniature Elevations and Views of a few of the Designs which are fully illustrated by Plans, Elevations, Perspective Views, Details, &c., in PALLISER'S NEW COTTAGE HOMES.

☞ ALL OUR PLANS, ELEVATIONS, AND PERSPECTIVE VIEWS ☜

are from *practical working drawings, to a uniform scale,* and not like the impractical sketch views which fill so many cheap Architectural books that are in reality issued only as catalogues and price lists of printed plans.

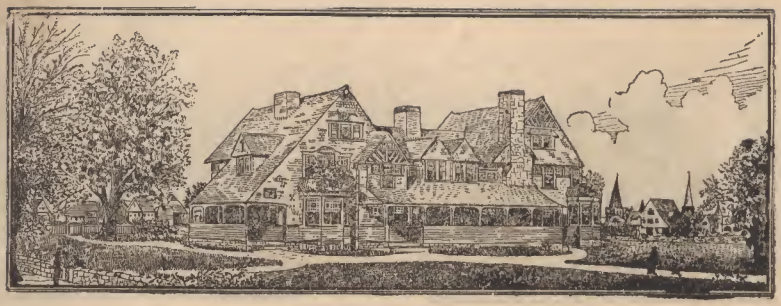

1,500 DETAIL DRAWINGS,

Covering the whole range of interior finishing and exterior construction and ornamentation of the plans in this work, and all to a uniform large scale.

Cabinet work of every description, Mantels, Sideboards, Book Cases, Cabinets, Dressers, &c., &c., in almost endless numbers and variety.

Stairs, Hand Railings, Newels and Balusters.

☞ *See following pages for further description of this new popular work. Don't miss any of them.*

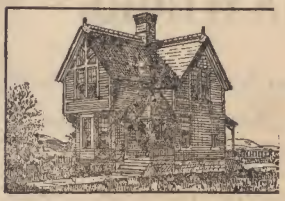

DETAILS

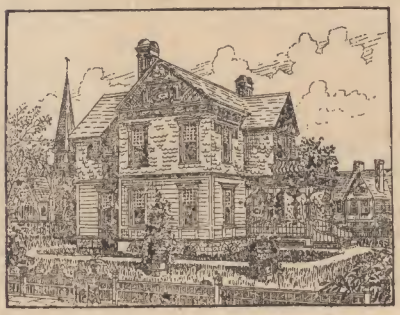

will be found to cover every question that can arise in constructing and finishing dwellings of every kind.

Fences, Summer Houses, Pavilions, Conservatories, Arbors, Well Curbs, Outbuildings, Etc., Etc.

Twelve New Designs for Stables and Carriage Houses.

The Descriptive Letter Press in our **COTTAGE HOMES**, giving practical suggestions, cost, &c., would alone fill an ordinary book of 150 pages.

☞ If you will be good enough to send us the names of any Builders, Building Mechanics, *or people intending to build*, we shall be much obliged. To all such, we will send this little Book and other valuable information *free*.

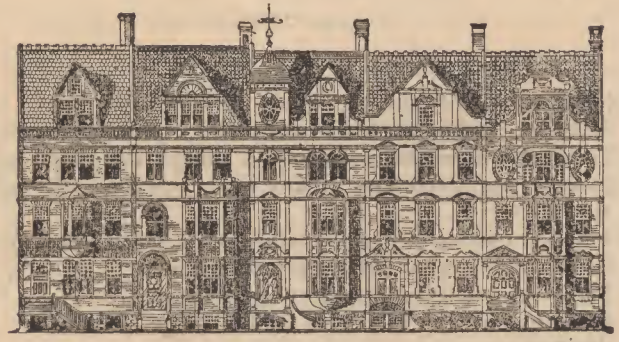

Details of Furniture of every description so plain that any good mechanic can understand and execute the same.

Perspective Views of Four Houses printed in Colors, showing how to paint.

Specifications and Form of Building Contract, &c., &c.

FIFTY NEW DESIGNS FOR CITY BRICK BLOCK HOUSES.

☞ Please call the attention of builders, mechanics and people intending to build, to this work, and should you have an opportunity kindly hand this descriptive pamphlet to any one likely to be interested. (OVER.)

SPECIAL NOTE TO OUR PATRONS.

Remember that ***Palliser's New Cottage Homes*** is not a catalogue of plans, neither does it contain old illustrations used in any other work. ***It is a complete Library of Modern Architectural Plans and Details, all of new and original design.***

Those contemplating the erection of a house cannot afford to be without this book, and who does not intend building sometime in their life. Hundreds of thousands of our popular books of plans, details and specifications have been sent to all parts of the Country and thousands of houses have been built from them; in fact, there is not a city, town or village of consequence in the United States but which contains one or more buildings so erected and some places have as many as twenty.

OBJECT AND ADVANTAGES OF THIS WORK:

1.—It affords the largest field of selection from the most approved and latest prevailing styles of domestic architecture.

2.—To all Builders and people who design erecting buildings, or making improvements of any kind, this book is worth many times its cost.

3.—Any one renting a house, or about to purchase, should study this book and see what perfect houses are like.

4.—Those who wish to build Stables, Carriage Houses or Out-Buildings of any kind, will find a large number of approved designs.

5.—Those who wish to remodel and improve old houses will find a large number of peculiarly suggestive designs for that purpose.

6.—The department of Cabinet work and Furnishing for old or new houses is very full and valuable.

7.—The special merit of this work is its ***extreme practical utility*** to everyone who contemplates building, or is a ***house-holder*** or ***house-owner.***

$5,000 Worth of Plans, Drawings and Details

—— FOR ONLY ——

FOUR DOLLARS!

(Reduced from half plate of large Scale Exterior Details in Palliser's New Cottage Homes and Details.)

The value of this work to Builders cannot be estimated, as it **Contains Plans and Details** for just such houses as they are called on to build every day in the week. There is not a **Contractor and Builder** in the country who **can afford to neglect this book. Building Mechanics should all possess it.** No matter what kind of a job they are called on to do, **here are the ideas** to help them out. Ideas are as necessary as tools, and this work contains thousands of practical ideas.

It is the educated Mechanic who goes to the front every time. It is the enterprising workman that first becomes foreman, then master builder. It is the studious, energetic fellow in the building trade as in every other occupation in life that gets there. A few hours each week spent in mastering the details of a trade is better than money invested and is sure to bring in the very best returns.
